This information guide is being provided to you to help you choose your 2008 benefits. All changes are effective January 1, 2008. # 1. Review your choices

You have several choices to make. Here is what you need to know:

## Medical Insurance

All three medical options are administered by United HealthCare.

You have three plans to choose from: the **Enhanced PPO**, the **Value PPO**, and the **Health Savings Account (HSA) PPO**.

### **Enhanced PPO** See page 28 for more details.

With this plan you pay a co-payment each time you visit the doctor or pharmacist. For services that do not require a co-payment, there is an annual \$300 deductible for in-network care.

#### **What's new for 2008?**

- The in-network deductible is increasing to \$300 per individual, with a cap of \$600 for families. (See page 20 to learn how the deductible works)
- The in-network out-of-pocket maximum limit is increasing to \$1,500 per individual, with a cap of \$3,000 for families (See page 20 to learn how the out-of-pocket maximum works).

**NEW IN 2008**

This is a new choice for employees in 2008. This option offers a lower cost out of your paycheck while still covering the same services as the Enhanced PPO Plan. The coverage levels are different than the Enhanced PPO except for office visits and prescription drugs, which are the same. Highlights include:

## Health Savings Account PPO See page 28 for more details.

This plan has a high deductible of \$1,250 per person and \$2,500 for families but provides for catastrophic coverage. To help you with the deductible, you can open a Health Savings Account and ABX will contribute \$500 for single coverage or \$1,000 for family coverage into your Health Savings Account. Your account comes with a debit card which you can use to pay doctor visits, prescriptions and other medical expenses not covered by the insurance.

### What's new for 2008?

- Employees can now contribute up to \$2,400 annually of their own pre-tax money for individual coverage in addition to ABX contributing \$500 annually. Employees can contribute \$4,800 annually for family coverage, in addition to the \$1,000 that ABX contributes annually.

# Vision Benefits

*Vision benefits are administered by EyeMed.*

You have one vision plan option. When choosing medical, dental, and vision coverage, you must cover the same family members as your medical plan election. You also have the option of declining medical, but choosing dental and vision for yourself and family members.

## **Vision Plan**

See page 32 for more details.

Benefits are provided at no cost to part-time employees and family members when you choose an ABX medical plan. The plan pays up to \$50 for one eye exam per year per covered person and up to \$100 per year per covered person toward the purchase of glasses or contacts.

### **What's new for 2008?**

- You may now choose vision coverage for yourself and your dependents, even if you decline medical coverage with ABX. You must choose dental and vision together in this option. See pages 8 and 9 for costs for dental and vision only coverage.

# Flexible Spending Accounts/Health Savings Accounts

*These plans are administered by United HealthCare.*

These are optional plans that allow employees to set aside money on a pre-tax basis to cover medical expenses not covered by insurance or child care expenses.

## Flexible Spending Accounts (FSA)

See the Benefits Handbook (Summary Plan Description) for more details.

### Medical FSA

You can contribute up to \$5,000 per year pre-tax to pay for medical expenses not covered by insurance such as orthodontia, hearing aids, Lasik surgery, co-payments, and deductibles.

You cannot elect Medical FSA and the Health Savings Account at the same time.

### Dependent FSA

You may contribute up to \$5,000 per year pre-tax to pay for child care or elder care expenses.

### What's New in 2008?

You may now contribute up to \$5,000 per year pre-tax into the medical FSA, up from \$2,600 in 2007.

### Use it or lose it!

You need to carefully budget for any money you contribute to the Flexible Spending Account. Any left over 2007 money after March 15, 2008, will be forfeited and used to help fund the ABX Air Employee Catastrophic Relief Fund.

## Health Savings Accounts

See the Benefits Handbook (Summary Plan Description) for more details

If you elected the Health Savings Account PPO for your medical insurance, ABX will contribute \$500 per year for single coverage or \$1,000 per year for family coverage to help offset the cost of the high deductible. You may also contribute up to \$2,400 for single or \$4,800 for families to the Health Savings Account each year.

If you elect this option you must open a health savings account with Exante Bank. If you are electing this benefit for the first time, an Exante Bank health savings account will be automatically opened for you. If you are already enrolled in this option and have not yet opened an Exante Bank health savings account, then call the Benefits Department at 1-800-736-3973 x63157 or x63085 for an application. Once your account is opened you will receive a debit card to pay for medical expenses that are subject to the deductible or not covered by insurance such as orthodontia, hearing aids, Lasik surgery, and co-payments.

### The Money is Yours to Keep

#### ***NO "Use it or lose it"***

Unlike the Flexible Spending Accounts, any left over money at year-end is never forfeited but remains in your account until you need to use it. The money earns interest while it is in your account.

You must elect the Health Savings Account PPO as your medical insurance to be eligible for the Health Savings Account. If you elected the Enhanced PPO plan you are not eligible for the Health Savings Account. You also cannot elect the Medical FSA if you elect the Health Savings Account. You may elect the Dependent FSA with the Health Savings Account.

*This plan is insured by CIGNA.*

See Benefits Handbook (Summary Plan Description) for more details.

# A word about dependents:

Only eligible individuals may be enrolled in the ABX Health Plan. All enrolled individuals are subject to an audit and proof of eligibility can be required at any time. Enrolling individuals who are not eligible is insurance fraud and could result in you having to repay any paid claims, the loss of your job, and/or being arrested and convicted of a felony.

**Any dependents added during open enrollment require a document of proof of eligibility (such as a birth certificate for a child or a marriage certificate for a spouse). Please provide proof of eligibility by sending photo copies of documents in the self addressed stamped envelope included in this packet. We cannot process your enrollment until we have received these documents.**

Eligible Dependents for the ABX Air Health Insurance Plan are:

- Legal spouse.
- Unmarried children under age 19, including your natural children, legally adopted children, children placed for adoption, stepchildren residing with you and any other children supported solely by you and permanently residing with you, provided you are their legal guardian or you claim the children as dependents for federal income tax purposes.

- Unmarried child who is incapable of self-sustaining employment by reason of developmental disability or physical handicap, provided such child was covered under this Plan at the time of disability and immediately prior to his or her 19th birthday (23rd if a student).

# What's New for 2008

## Introducing a new option: "Value PPO Plan"

ABX Air is pleased to announce the introduction of a new option called the Value PPO Plan. This option has lower employee contributions than the Enhanced PPO plan, along with lower deductibles and co-payments than the Health Savings Account PPO plan. The office visit and prescription drug co-payments are the same as the Enhanced PPO plan. This plan covers all the same medical services as the Enhanced PPO and HSA PPO plans; only the coverage payment levels are different. By offering a third choice, you can choose the plan that best fits your needs. Be sure to carefully review the Schedule of Benefits found on page 28 for details about this option. You can use the Comparison Tool, found on the ABX Benefits website to help you decide which option is best for you.

## Enhanced PPO Plan Changes

### Deductible Increasing

The in-network individual deductible is increasing from \$150 to \$300 and the in-network family deductible is increasing from \$300 to \$600. Once the deductible has been satisfied for the year, you do not have to pay again for the rest of the year.

### Out-of-Pocket Maximum Increasing

The in-network individual out-of-pocket maximum is increasing from \$1,000 to \$1,500 and the in-network family out-of-pocket maximum is increasing from \$2,000 to \$3,000. Once the out-of-pocket has been satisfied for the year, eligible expenses are covered at 100%.

## Stand Alone Dental and Vision Offered

Employees can now elect Dental and Vision benefits without electing an ABX Medical Plan. This may be a good choice for you if you have medical coverage elsewhere, such as through your spouse's employer. If you elect this option, there will be a cost to you. You must elect the Dental and Vision benefit together.

---

## Flexible Spending Account Limit Increased

The maximum amount you can contribute to the Medical Flexible Spending Account is increasing to \$5,000 from \$2,600. Be sure to review the section on How a Flexible Spending Account Can Help You Save Money on page 20.

## Health Savings Account Contribution limits increased

The maximum amount you can contribute to the Health Savings Account is increasing to \$2,400 for individuals and \$ 4,800 for families. The previous limits were \$750 for individuals and \$1,500 for families. This option is available only if you elect the Health Savings Account PPO Plan. Be sure to review the information about Health Saving Accounts on page 11.

## New Employee Contributions

The employee contributions are increasing for 2008:

### Enhanced PPO

	2008 Bi-weekly	2007 Bi-weekly	Difference
Employee Only	\$25.38	\$20.77	\$4.61
Employee & Child(ren)	\$62.31	\$53.08	\$9.23
Employee & Spouse	\$64.62	\$55.38	\$9.24
Employee, Spouse & Child(ren)	\$76.15	\$64.62	\$11.53

### Value PPO

	2008 Bi-weekly	2007 Bi-weekly	Difference
Employee Only	\$19.85	N/A	N/A
Employee & Child(ren)	\$50.77	N/A	N/A
Employee & Spouse	\$53.08	N/A	N/A
Employee, Spouse & Child(ren)	\$61.85	N/A	N/A

### Health Savings PPO

	2008 Bi-weekly	2007 Bi-weekly	Difference
Employee Only	\$11.54	\$9.69	\$1.85
Employee & Child(ren)	\$25.85	\$21.23	\$4.62
Employee & Spouse	\$26.77	\$22.15	\$4.62
Employee, Spouse & Child(ren)	\$31.38	\$25.85	\$5.53

# What's New for 2008

## How does the Deductible work?

The deductible is the amount you pay before the insurance will pay any benefit. For example, the Enhanced PPO plan has an individual in-network deductible of \$300 and the Value PPO Plan has an individual in-network deductible of \$500. Once the deductible has been satisfied for the calendar year, the plan pays the scheduled benefit. You only have to satisfy the deductible once per calendar year.

To help protect families, each plan has a family deductible. For example, the Enhanced PPO plan has a family deductible of \$600. Once the family as a whole reaches \$600, the plan will pay the scheduled benefit. This way each family member does not have to reach the individual deductible.

Certain benefits are not subject to the deductible. Doctor office visits and prescription drugs co-payments are not subject to the deductible (except in the Health Savings Account PPO where it is required by law).

Each plan we offer has a different deductible so you should carefully review your options before making your decision on which plan to enroll in.

## How does the Out-of-Pocket Maximum Work?

The out-of-pocket maximum is designed to protect you and your family from catastrophic claims. For example, in the Value PPO Plan, the in-network out-of-pocket maximum is \$2,500. This means the most you would pay is \$2,500 plus the deductible and any co-payments. An illustration may help. Suppose you had a catastrophic claim and the hospital bill was \$100,000. You are enrolled in the Value PPO plan and you used an in-network hospital. Here's what you would have to pay and what the plan would pay:

Hospital Claim	\$100,000
Deductible	\$ 500 (you pay)
Remaining	\$ 99,500
Plan Pays @ 80%	\$79,600
20% remaining is	\$19,900; out-of-pocket max is \$2,500

Because out-of-pocket maximum reached at \$2,500  
Plan pays 100% \$17,400 (\$19,900 - \$2,500)

Total you pay	\$ 3,000
Total plan pays	\$97,000

## How can a Flexible Spending Account help you save money?

You can use pre-tax dollars to pay for health care expenses that are not reimbursed by your medical insurance plan, such as deductibles and coinsurance.

For example, assume that your unreimbursed health care expenses during a Plan Year are \$1,000 and that your marginal tax rate is 30%. If you contribute, on a pre-tax basis, \$1,000 to your medical FSA, you will reduce your taxable income by \$1,000. This will then decrease your taxes by \$300 (\$1,000 x 30%). Thus, by paying your health care expenses from your medical FSA, you will save \$300.

Paying eligible expenses with before-tax dollars can mean significant tax savings. But you must be careful not to over-budget on your expected costs. Under IRS regulations, if you have any money left in your FSA at the end of the plan year and next year grace period and you didn't incur an expense during the plan year/grace period to offset it, you will lose the money in your account. But, if you budget wisely, you should not have any forfeitures.

ABX Cafeteria	2 - Sort B break room 1st floor

## ***Q. Where can I get help deciding which plan is best for me?***

**A.** Deciding which health plan is best for you and your family can be complicated. Before you start, it can be helpful to gather as much information about your health care usage as possible. How many doctor visits did you have this year? How many prescriptions? You can find this information on [www.myuhc.com](http://www.myuhc.com), which has your claims history. Once you have this information, you can use the Plan Comparison Tool, which will show you how each plan option will pay based on the information you enter. You can find a link to this tool on the ABX benefits web site at [www.myabx.com/benefits](http://www.myabx.com/benefits).

## ***Q. Do I need to complete a Benefit Self Service enrollment form if I do not want to make any changes?***

**A.** If you are currently enrolled and do not want to make any changes, you do not need to complete the Benefit Self Service enrollment form. Your current benefit election will continue. However, to enroll in the 2008 Flexible Spending Account or contribute to the Health Savings Account you must elect an amount on the enrollment form. This deduction does not carry over from year to year. If you wish to make any changes, you **MUST** complete the Benefit Self Service enrollment form by the November 21, 2007 deadline.

# Questions and Answers

**Q. Where do I get a list of doctors, dentists and vision care providers?**

**A.** The best source of current information is on-line. You also can request paper copies by calling the insurance company's customer service 800 number. The web addresses and 800 numbers are:

Provider	Insurance Company	Web site	Toll-free #s
Doctors & Hospitals	United Health Care	www.myuhc.com	(888) 350-5607
Dentists	MetLife	www.metlife.com/mybenefits	(800) 942-0854
Eye care providers	Eyemed Vision Care	www.eyemedvisioncare.com	(866) 723-0513

You can find links to all of these web sites on the ABX benefits page at [www.myabx.com/benefits](http://www.myabx.com/benefits).

Paper copies are available by request only to help keep costs down.

**Q. What is the deadline for completing the Benefit Self Service enrollment form?**

**A.** You need to complete the Benefit Self Service enrollment form by November 21, 2007.

**Q. How can I get a paper copy of the 2008 Benefits Handbook?**

**A.** Paper copies are available upon request through your supervisor or by calling the Benefits Department at (800) 736-3973 ext. 63157 or ext. 63085.

**Q. Why are the employee costs going up?**

**A.** The cost of health care in the United States increased 9% this year, up from 7.7% in 2006. At ABX, programs such as the Healthcare Center and the recent dependent audit help slow down the rate of increase but we are still experiencing an increase. As the annual company cost increases, employees can expect to see their share of the cost increase as well. Despite these increases, the amount ABX Air employees pay for healthcare compares favorably to other employers.

# Questions and Answers

## **Q. Why is the Enhanced PPO deductible increasing?**

**A.** Each year ABX reviews our plan and how it compares with other large employers. We found that the Enhanced PPO Plan's current in-network individual deductible of \$150 was low and was contributing to the increased cost of our plan. By increasing our deductible, we are aligning it with comparable plans. The chart below shows how our new deductible compares with comparable plans offered by other large employers.

## **Q. Why is the Enhanced PPO Plan Out-of-pocket Maximum Increasing?**

**A.** Like the deductible, we also reviewed how our out-of-pocket maximum compares to similar plans. We found that our current in-network out-of-pocket maximum of \$1,000 was unusually low. Like the deductible, we are aligning our out-of-pocket maximums with comparable plans. The chart below shows how our new in-network out-of-pocket maximum compares with comparable plans offered by other large employers.

<b>ABX Enhanced PPO</b>	<b>Large Employers Transportation Industry</b>	<b>Large Employers Ohio</b>	<b>Large Employers National</b>
\$1,500	\$2,000	\$1,500	\$2,000

## **Q. Can I have an HSA (Health Savings Account) and a FSA (Flexible Spending Account)?**

**A.** No, our current plan limits the HSA to those employees in the HSA PPO and the Medical FSA to those in the Enhanced PPO or the Value PPO. You may elect both HSA and the Dependent FSA.

## **Q. How does the HSA work with the high deductible?**

**A.** According to the IRS regulations for an HSA eligible plan, the deductible must be met in full and apply to everything before coinsurance or co-pays begin to pay. Only preventive care is exempt from this requirement.

# Questions and Answers

## ***Q. How will I know if the changes are approved or rejected?***

**A.** You should return to the Inbox section of Benefits Self Service and check the “My Messages” area for confirmation of approval or rejection. If approved, you have nothing left to do. If rejected, please correct the error and resubmit for approval. Again, check the same area after three days to make sure your form was approved.

## ***Q. Where can I get help enrolling?***

**A.** See any Human Resources representative or call the Benefits Department at (800) 736-3973 ext. 63157 or ext. 63085. In Wilmington, Human Resources personnel are available on all three shifts.

## ***Q. May I purchase additional life insurance for my family or myself?***

**A.** ABX Air offers a Universal Life insurance program that allows you to purchase additional coverage for yourself or your eligible family members. Enrollment is subject to evidence of good health and is not effective until approved by the insurance company. To enroll in the Universal Life insurance visit [www.personal-plans.com/abxair](http://www.personal-plans.com/abxair).

## ***Q. May I purchase additional accidental death and dismemberment insurance for my family or myself?***

**A.** ABX Air offers a Voluntary Accident Insurance program that lets you purchase additional Accidental Death and Dismemberment coverage for yourself or your eligible family members. Enrollment is effective on January 1. More information about the program can be found in your 2008 Benefits Handbook (Summary Plan Description) or on Benefits Self Service.

## ***Q. May I make enrollment changes mid-year?***

**A.** Open enrollment is your opportunity each year to make adjustments to your benefits. All changes are effective on January 1. During the rest of the year, you cannot make changes to your benefit elections except for certain Family/Work Status changes including:

- Marriage or Divorce
- Birth or Adoption of a child
- Death of a spouse
- Child reaching maximum age (maximum age = 19 unless full-time college student up to the 23rd birthday)
- Loss of coverage from spouse’s employer

Any of these reasons allow you to make a change mid-year provided you notify the Benefits Department within 30 days of the event (60 days for birth or adoption).

# Questions and Answers

**Q. *If my spouse works at ABX may I enroll my spouse under my coverage?***

- A.** Yes, you may enroll your spouse who works at ABX under your plan, or you could have two employees under different plans. However, you cannot “double cover” under both plans. Be sure both spouses complete a Benefit Self Service enrollment form enrolling under one employee and canceling coverage under the other employee.

**Q. *If my child works at ABX may I enroll my child under my coverage?***

- A.** Yes, you can enroll your child who works at ABX under your plan, or you could have two employees under different plans. However, you cannot “double cover” under both plans. Be sure both you and your child complete an enrollment form enrolling under the parent and canceling coverage under the dependent child.

The child must be an eligible dependent to be covered under your plan.

**Q. *Until what age can my children continue to be covered under the plan?***

- A.** Eligible children are your unmarried children under age 19 (under 23 if a full-time student) who are your:
- biological children
  - legally adopted children
  - children placed for adoption
  - step-children residing with you
  - other children supported solely by you and permanently residing with you, provided that you are their legal guardian or you can claim the children as dependents for federal tax purposes

All enrolled dependents are subject to an audit and proof of eligibility may be required at any time. Enrolling individuals who are not eligible is insurance fraud and could result in you having to repay any paid claims, the loss of your job, and/or being arrested and convicted of a felony.

**Q. *May I decline coverage?***

- A.** Yes, you can decline coverage. When you decline coverage, you must choose whether to decline all Medical, Dental and Vision benefits or just Medical (and choose the stand-alone Dental and Vision).

# Questions and Answers

**Q. What happens if I need emergency care while traveling away from my home area? How do I find a network provider?**

- A.** If you need emergency care while traveling, you should go to the nearest hospital. Even if the hospital is a non-network hospital, your benefit will be treated as if it were a network facility.

If you need medical care on a non-emergency basis while traveling, contact United Health Care customer service at (888) 350-5607 or at [www.provider.uhc.com](http://www.provider.uhc.com) for assistance in locating the nearest network provider.

**Q. How is an emergency determined?**

- A.** Your health plan covers emergency services necessary to screen and stabilize a covered person if a prudent layperson acting reasonably would have believed a true emergency existed. If you are unsure if your condition needs medical attention, you may contact Nurseline at (888) 609-5880 for assistance.

**Q. Where can I get assistance with claim issues?**

- A.** If you have spoken with the insurance company customer service department and they are unable to help resolve your claim issue, contact the ABX Benefits Department at ext. 62567 or 62531 for further assistance. Or you may e-mail messages to [abx.benefits@abxair.com](mailto:abx.benefits@abxair.com).

**Q. In the Short-term disability options why are there different plans for California, New Jersey, New York, Hawaii, Rhode Island and Puerto Rico?**

**Q. Can part-time employees purchase dental coverage for their families?**

- A.** Yes, part-time employees may purchase dental coverage for their families.
